

TT[®] POST-TRADE TCA

Measure best execution, reduce costs and assess risk on every trade you make.

TT Post-Trade TCA is our industry leading multi-asset post-trade analytics software. Our patented tools allow you to measure trading performance, assess compliance risk, and satisfy best-execution requirements by utilizing multiple measures built into an easy-to-use interface. Our platform provides the transparency you need to properly evaluate trading performance over the lifecycle of a transaction. A ground-breaking manager styles profiler breaks out data by portfolio manager so you can compare costs, evaluate strategies, and identify improvement opportunities.

LARGEST POSSIBLE UNIVERSE

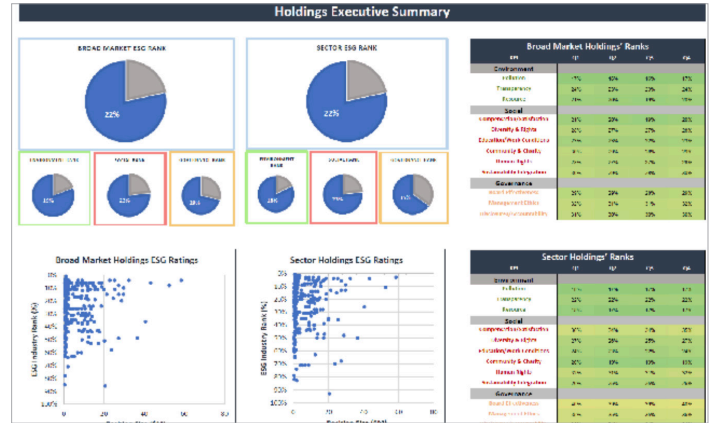

Our trade analytics capture the largest global peer benchmark universe with trillions in fixed income, foreign exchange, equities, and futures.

CONFIDENTIAL AND SECURE

Hundreds of clients entrust their trade data to Abel Noser. You benefit by sharing in the scope of our knowledge and experience, while remaining anonymous at all times.
