

TT[®] BROKER SCORECARD: IDENTIFY GLOBAL AND REGIONAL EQUITY BROKERS RANKED BY LIQUIDITY AND EXECUTION QUALITY

Get an independent view of the institutional market with rankings derived from aggregated, anonymized trade data

Now you can easily find the counterparties that are most active in specific regions, countries, capitalizations, sectors and other segments with TT Broker Scorecard. This first-of-its-kind monthly report ranks global and regional equity brokers by liquidity and execution quality, providing an independent proxy of the institutional market with rankings derived from the massive universe of aggregated, anonymized trade data compiled by Abel Noser Solutions, a Trading Technologies company.

RANKINGS AND MORE DETAILED DATA DELIVERED IN ONE CENTRAL LOCATION

TT Broker Scorecard is available through Trade Zoom - the industry-leading transaction cost analysis (TCA) solution for investment managers, asset owners, consultants and brokers worldwide developed by Abel Noser Solutions - as well as via an API. Users of Trade Zoom's post-trade application can retrieve historical information from the platform, with the option to drill down and examine data in greater detail through a single interface.

BENEFITS BOTH THE BUY SIDE AND SELL SIDE

In today's ultra-competitive environment, the buy side is increasingly trying to find liquidity in highly concentrated markets, while the sell side is seeking ways to protect and grow market share. TT Broker Scorecard addresses these needs, delivering key benefits to firms on both sides of the market.

BUY-SIDE BENEFITS

- ◆ Easily identify and vet brokerage firms that trade in specific market segments
- ◆ Pinpoint broker liquidity
- ◆ Estimate costs before trade execution

SELL-SIDE BENEFITS

- ◆ Identify competitive strengths as well as areas for improvement
- ◆ Market to customers in regions or segments where you are the strongest

TRUSTED, CONFIDENTIAL AND SECURE

More than 500 firms entrust their data to Abel Noser Solutions. When you choose TT and Abel Noser Solutions, you remain anonymous at all times while benefiting from the scope of our knowledge and experience that spans five decades.

FIVE DECADES OF INNOVATION AND LEADERSHIP

Founded in 1975, Abel Noser Solutions is a pioneer in the TCA space and the co-creator of the Volume Weighted Average Price (VWAP) methodology. Our award-winning platform - named TCA Provider of the Year by The TRADE and Best Buy-Side TCA Tool by WatersTechnology - was developed by subject matter experts with a practitioner's knowledge. Now as part of Trading Technologies since 2023, we deliver market-leading, multi-asset solutions for data and analytics alongside TT's best-of-breed platform for multi-asset algorithmic trading, trade surveillance, execution and clearing.
